How do I refine my search in EBSCOhost?

**If you are viewing an article and want to refine your search:**

1. Scroll to the top or bottom of the article.
2. Click on the **Refine Search** link.
3. Choose the appropriate Limiters or Expanders, or enter new search terms in the **Find** field.
4. Click **Search**.

**If you are viewing your Result List and would like to refine your search:**

1. View the **Limit To** options to the left of the result list.
2. Choose from the displayed Limiters or Expanders or click **Show More** for more.
3. Click **Update**.
