How can I access linked full text when using EDS on an iPad?

In order to access linked full text from EDS on an iPad, you will need to disable the pop-up blocker in the Safari browser on the device.

To disable the pop-up blocker from the iPad settings menu:

1. Tap the Settings icon on your iPad.
   The Settings menu appears.

2. Tap Safari in the Settings column on the left.

3. Tap the On toggle for Block Pop-ups on the right to change it to Off.
