Full Text Finder - Advanced Search - Guide Style Find Fields

EBSCO research interfaces allow users to conduct advanced searches using Guided-Style Find fields. Guided-Style Find fields assist you in creating a more targeted search.

To use Advanced Search with Guided-Style Fields:

1. Click the **Advanced Search** link below the **Find** field.

2. Enter your search terms in the first **Find** field on the Advanced Search screen.

3. Choose the search field from the optional **Select a Field** drop-down list (for example, search in only the Subject Terms field of the citation).

4. Repeat steps 1 and 2 for the second set of **Find** fields.

5. Select a Boolean operator (AND, OR, NOT) to combine the two **Find** field entries.

6. You can enter another Boolean operator, keyword, and search field in the third set of fields.

7. If you need additional rows, click the **Plus button**

   ![](plus_button.png)

   Up to 12 rows can be displayed. To delete a row, click the **Minus button**

   ![](minus_button.png)

8. Select from the available Search Options:

   - **Search modes** - Use specific search modes, such as "Find all of my search terms," or "SmartText Searching," or use search options that expand your search such as "Apply related words."

Last Downloaded: December 03, 2018
- **Limit your results** - such as Full Text or Publication type.

- **Special Limiters** - Apply limiters specific to a database. If you select a special limiter, it is applied only to the database under which it appears.

9. Click the **Search** button. The Result List displays.
