**Holdings Management - Icon Settings**

**Icons** - Icons can be assigned to Notes or Links to assist patrons in understanding the information. You can select from the Icon Library or enter the URL of a locally hosted icon you would like to display. Icons must be no larger than 18px.

**Alt Text** – Alt text describes the icon or its functionality to screen readers so visually impaired users can benefit from the information the icon is intended to display. This is required for accessibility and will be auto-populated when you select an icon from the library.

**Hover Text** – Hover text is additional information that will display to patrons when they mouse over the icon.

**Link URL when icon is clicked** – Populating this will allow users to click the icon to navigate to a page of your choice. Must be a valid URL starting with http:// or https://
